DECLARATION REGARDING A COMPLIMENTARY REVIEW OR CORRECTION ASSIGNMENT

The managing board declares that not a single audit or correction assignment has been given to a person not authorized to do so by law, pursuant to articles 34 and 37 of the law of 22 April 1999 concerning accounting and tax professions.

The annual accounts were / were not * or corrected by an external accountant or by a company auditor who is not the statutory auditor.

If affirmative, should be mentioned hereafter: surname, first names, profession and address of each external accountant or company auditor and their membership number at their Institute, as well as the nature of their assignment:

- A. Bookkeeping of the company **,
- B. Preparing the annual accounts **
- C. Auditing the annual accounts and/or
- D. Correcting the annual accounts.

If the tasks mentioned under A or B are executed by certified accountants or certified bookkeepers - tax experts, the following information can be mentioned hereafter: surname, first names, profession and address of each certified accountant or certified bookkeeper-tax expert and their membership number at the Institute of Accounting professionals and Tax Experts, as well as the nature of their assignment.

| Surname, first names, profession and address | Membership number | Nature of the assignment (A, B, C and/or D) |

| SETTLEMENT REGARDING THE COMPLEMENTARY RETIREMENT OR SURVIVORS' PENSION FOR PERSONNEL AND BOARD MEMBERS | | | | |
| Brief description | | | | |
| Pension plan The company Nyxoah has set up an additional pension plan for the benefit of all its employees since the year 2012. This pension plan is a so-called "defined contribution" plan and is outsourced and financed by a group insurance contract (a pension fund). This plan defines the payment of contributions paid by the employer. The goal is to finance a capital that will be paid out to employees in case of life at the age of 65. Employer's allowances and personal contributions are paid periodically to the organization responsible for financing the pensions. According to Belgian legislation, the employer must guarantee a minimum return on both the employer's allowances and the personal contributions. At the balance sheet date, the insurance company informed us that there is no underfunding of the legal reserves compared to the mathematical reserves. The calculation method corresponds to the underfunding determined according to the intrinsic value method. This method consists of comparing the reserves defined in the pension plan and available in the individual contracts at the balance sheet date with the individual minimum reserve calculated at the balance sheet date. The negative difference determines the individual underfunding at the balance sheet date. The total underfunding is the sum of the individual underfunding. | | | | |

DECLARATION WITH REGARD TO THE CONSOLIDATED ANNUAL ACCOUNTS

INFORMATION TO DISCLOSE BY EACH COMPANY GOVERNED BY THE BELGIAN COMPANIES AND ASSOCIATIONS CODE ON THE CONSOLIDATED ANNUAL ACCOUNTS

The company has prepared and published consolidated annual accounts and a consolidated annual report*

The company has not prepared consolidated annual accounts and a consolidated annual report, because of an exemption for the following reason(s)*

The company and its subsidiaries exceed, on a consolidated basis, not more than one of the criteria mentioned in article 1:26 of the Belgian Companies and Associations Code*

The company only has subsidiaries that, considering the evaluation of the consolidated capital, the consolidated financial position or the consolidated result, individually or together, are of negligible interestError! Bookmark not defined. (article 3:23 of the Belgian-Companies and Associations Code)

The company itself is a subsidiary of a parent company that prepares and publishes consolidated annual accounts, in which the annual accounts are integrated by consolidation*

Name, full address of the registered office and, if it concerns companies under Belgian law, the company registration number of the parent company(ies) and the indication if this (these) parent company(ies) prepares (prepare) and publishes (publish) consolidated annual accounts, in which the annual accounts are included by means of consolidation**:

If the parent company(ies) is (are) (a) company(ies) governed by foreign law, the location where the abovementioned annual accounts are available**:

Strike out what does not apply.

^{**} Where the annual accounts of the company are consolidated at different levels, the information should be given, on the one hand at the highest and on the other at the lowest level of companies of which the company is a subsidiary and for which consolidated accounts are prepared and published.

VALUATION RULES

VALUATION RULES

The annual accounts have been drawn up in accordance with the Royal Decree of 29 April 2019 regarding the implementation of the Code of Companies and Associations.

The annual accounts give a true and fair view of the assets, liabilities, financial position and results of the company. The amounts relating to the financial year are established in a consistent way with those of the previous financial year.

Assets and liabilities are valued in accordance with article 3:108 of the Royal Decree of 29 April 2019 on the assumption that the company will continue as a going concern.

Each component of the assets and liabilities is valued separately. Depreciations, write-off and revaluations are specific to each asset to which they relate. Provisions for liabilities and charges are individualized. Valuations, depreciations, write-off and provisions for liabilities and charges meet the requirements of prudence, sincerity and good faith.

Formation expenses amortized over a period of 5 years.

Formation expenses will be amortized over a period of 5 years as from the finalization of the capital round.

Intangible assets

Intangible fixed assets are stated at net book value, i.e. the acquisition value less depreciations and write-downs recorded. If they were set up by the company itself, they are recorded at the lower of cost or production cost, or at a conservative estimate of their value in use, with an estimate of future yield acting as a ceiling.

Intangible assets are amortized on a straight-line basis. The following amortization percentage applies: 20%

Research and development expenses - Patents

The development costs are capitalized as intangible asset on the balance sheet if the potential profitability are identifiable and probable. Development expenses will be capitalized for the first time in the year in which the CE mark is obtained.

Research and development expenses - Device treating Obstructive Sleep Apnea.

The development costs were capitalized as intangible asset on the balance sheet if the potential profitability are identifiable and probable. Part of the capitalization will stop following the sales made. Nevertheless, part of the capitalization will continue, i.e.: indirect and direct costs of clinical studies conducted in Europe, United-States and Australia; Development costs incurred in Israel.

Research and development costs are amortized over the estimated life of the Genio system based on the expiration of the last patent of this technology. The company concludes that the useful life of the technology and related improvements is at least 14 years from January 1, 2021.

In accordance with the accounting principle, the intangible assets are tested annually for impairment during the development period. The Genio® system is currently a unique product line developed by the Company and the Company determined that it has two cash generating units, Genio® system in Europe and Genio® system in the United States, for which a value in use analysis has been performed.

The discount rates have been determined by reference to the analyst reports covering the Company which are available.

A sensitivity analysis has been performed concluding that a reasonable change in the WACC and/or the long-term growth rate would not lead to an impairment.

Property, plant and equipment

Fixed assets are stated at net book value, i.e. the acquisition value less depreciations and impairments.

Fixed assets are depreciated using the straight-line method. Additional costs are immediately recognized in the income statement. The following depreciation percentages apply:

Computer hardware: 33%.

Fitting-out of rented buildings 20%

Machinery and tools 20%.

Furniture 10%

Interest expenses are not included in the acquisition value.

Property, plant and equipment that are no longer in use or that have no planned use on a long-term basis for the company's business are, where applicable, subject to exceptional depreciation or impairment to bring their valuation into line with their probable realizable value. Long-term financial assets

Financial fixed assets are valued at their acquisition cost and impairments are accounted for in case sustainable minus values are identified considering applicable circumstances, considering expected profitability or perspectives for which the investment or shares are held.

Guarantees are booked at their nominal value.

Write-off are applied to receivables included in financial fixed assets in the event of uncertainty regarding the payment of those on the due date.

Receivables

Receivables are recorded in the balance sheet at their nominal value. Receivables are subject to write-off in the event of uncertainty as to the payment of all or part of the receivable on the due date.

Receivables are recorded in the balance sheet at their nominal value taking into consideration liabilities recorded in accruals and deferred income on the basis of pro rata temporis of interest:

- a. interest conventionally included in the nominal value of the receivables;
- b. the difference between the acquisition value and the nominal value of the receivables;
- c. the discounting of non-interest-bearing or abnormally low-interest receivables,

Cash and cash equivalents

Cash and cash equivalents are recorded at their nominal value. Write-off are applied if their realizable value is lower than their nominal value on the closing date of the financial year. Additional write-off are booked in the same way as for investments.

Accrued charges and deferred income

Income and expenses relating to the financial year or to the previous financial years are taken into account, regardless of the date of payment or collection of such income and expenses, unless the actual collection of such income is uncertain. If income or expenses are significantly influenced by income or expenses attributable to another financial year, this is mentioned in the notes to the accounts. Statement of liabilities

Recoverable advances

Recoverable advances contracted with the Direction Générale d'Aide à la Recherche de la Région Wallonne (DGO6) are recognized as other operating income in the fiscal year in which the Company obtains confirmation of the settlement of the DGO6's claims. When the Company decides to use the results of the research or development project (decision subject to written notification by the Company to DGO6), the portion of the recoverable cash advance that is repayable at the time of the decision to start using the results of the research

N°. 0817.149.675 | NYXOAH | C-c 6.19

VALUATION RULES

or development project independently of sales (i.e. 30% of the recoverable advance) will be recognized as a debt on the balance sheet. The remaining 70% of the amount of the recoverable advance, which is repayable based on sales, will be recorded as an off-balance sheet item.

Accrued charges and deferred revenues

These debts are valued at their nominal value. These debts do not include any long-term debts, either interest-free or with a low interest rate. If this is the case, a discount must be applied to these debts that should be capitalized.

Transactions in foreign currencies

Transactions in foreign currencies are translated at the exchange rate applicable at the date of the transaction.

Non-current assets and shareholders' equity are translated into euros at the historical exchange rate.

Other assets and liabilities in foreign currencies are translated into euros at the exchange rate applicable at the balance sheet date.

Realized and unrealized exchange differences are immediately recognized in the income statement.

Cash flow hedges

The effects of changes in the fair value of cash flow hedges are recognized as off-balance sheet commitments and disclosed in the notes to the financial statements. In the case of cash flow hedges (Call & Put; Swaps); premiums received are recorded in an accrual account; changes in financial instruments are recorded in the income statement.

Income and expense recognition

Income and expenses related to the disposal of an asset will be recognized in the year in which the main risks and rewards on the asset are transferred to the purchaser. In principle, the transfer of the main risks and rewards correspond to the transfer of ownership of the asset or, if it is separated from it, to the transfer of the risks of loss or deterioration of the asset.

With respect to the provision of services, the income and expenses related to the provision of services will be allocated to the financial year in which the essential part of the service is performed.

Expenses will be recognized as they are incurred. Invoiced expenses that are related to the following financial year will be accounted for on an deferred charges account on the assets side of the balance sheet.

Justification of the application of the valuation rules in the assumption of continuity

Since the balance sheet shows a loss carried forward of €157.0 million, we hereby confirm, pursuant to Article 3.6 of the Code of Companies and Associations, the application of the valuation rules in the assumption of continuity. We believe that the application of the valuation rules in the assumption of continuity is justified because the loss carried forward is largely due to the significant research and development expenses incurred over the years for the development and regulatory approval of the Genio device. That being said, the Company is able to pay all its debt then they fall due.

Going concern

The Company has consistently operated with deficits and sustained negative cash flows since its inception considering the significant research and development expenses incurred for the development and regulatory approval of the Genio device. As of December 31, 2023, the Company's statement of financial position includes an accumulated loss of €157.0 million and total assets of €118.4 million. Current assets as of December 31, 2023 total €63.0 million, comprising €7.7 million in available cash and cash equivalents, and €45.3 million in marketable securities, primarily derived from previous public offerings.

The Company's current operating plan indicates that it will continue to incur losses from operations and generate negative cash flows from operating activities given ongoing expenditures related to the completion of its clinical trials only partially offset by the Company's revenue generating activities outside the U.S. (which were €4.3 million in 2023 in the EU). Substantial revenue generation is expected to start following the launch of the Genio product in the U.S., which is dependent on obtaining marketing authorization in the United States for the Genio product from the FDA.

The Company projects that its existing cash and cash equivalents and marketable securities should be sufficient to fund operations until the beginning of the fourth quarter of 2024. To meet the Company's future working capital needs, management is actively exploring different financing avenues, including the public or private issuance of equity and debt financing. Additional funds are pivotal for diverse activities, in particular to launch the Genio product in the U.S. and the ongoing progression of research and development projects. This raises, however, a material uncertainty in respect of going concern as the current funds are not sufficient to cover a period of 12 months following the date of the Annual Report.

Although the additional funds have not been raised yet, given the positive outcome from the DREAM trial, the Company is confident that raising sufficient funding to continue its operations for at least 12 months following the date of the Annual Report should not pose significant challenges.

The accompanying financial statements have therefore been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.
